15 Brantford / Aldershot; formerly McMaster / Burlington

The McMaster-Lakeshore rail feeder evolved into the Brantford corridor and later gained a Six Nations and Mississaugas of the Credit extension.

18	2006 - 2026	139
documented patterns	evidence years	listed stop occurrences

Illustrated pattern: 15 | 15 - Brantford Term | Scheduled 22 Oct 2026 - 27 Nov 2026; feed captured 23 Oct 2026

A dated documentary atlas. Every pattern has its own numbered map and complete documented stop list. Reconstructed major-stop lists and full scheduled GTFS stop lists are identified separately.

Contents

Use the clickable entries or PDF bookmarks to jump to a date, branch or direction. Pattern counts include separate directions, stopping patterns and boarding restrictions.

Route history

A snapshot proves what was published at that date. It does not by itself establish when a route began or ended. Reused route numbers and changing branch suffixes remain separate dated records.

- **2006-12-30**

  Route-15 trip series directly connect McMaster University with Burlington GO in the original Lakeshore table. [S1]

- **2013-04-06**

  The booklet explicitly identifies routes 15 and 18, preserving the McMaster feeder identity. [S2]

- **2016-09-03**

  Route 15 was extended west from McMaster to Brantford. [S3]

- **2016**

  The Brantford launch plan provided weekday and weekend service to Aldershot GO via McMaster. [S4]

- **by 2020-07-19**

  The archived table includes Brantford Bus Terminal, Wayne Gretzky / Henry, McMaster Innovation Park, McMaster and Aldershot. [S5]

- **2025-04-05**

  Branch 15B began serving Six Nations and Mississaugas of the Credit, with three daily trips each way. [S6]

Reading the maps

- Original GO feed: all scheduled stops are retained in their source order, including no-pickup and no-drop-off restrictions. The exact service dates are printed with the pattern.
- Historical reconstruction: the list generally contains published timing points or major stops. It is complete for that documented reconstruction, and may omit intermediate roadside stops.
- Solid lines use supplied feed shapes or an explicitly labelled corridor reconstruction. Dashed lines connect stop areas schematically. Number ranges mark close or co-located stops.

Evidence notes - continued

- Reference coordinates do not prove an old platform location. Stops without established coordinates remain in the ordered list; a stop-order diagram is used when a geographic map cannot be drawn.
- The date when the eastern terminus changed from Burlington to Aldershot remains unverified.
- Use a dated GTFS extraction for the full 15B curb-stop sequence; the launch article names places but is not a complete ordered stop table.
- GTFS dates identify captured feeds, not necessarily the first or last day of a route. Open a pattern to see its exact scheduled service dates. Temporary rail replacement and special-service patterns are included when present in the source.
- Manually reconstructed versions generally contain published timetable timing points / major stops. They must not be read as complete roadside stop inventories.

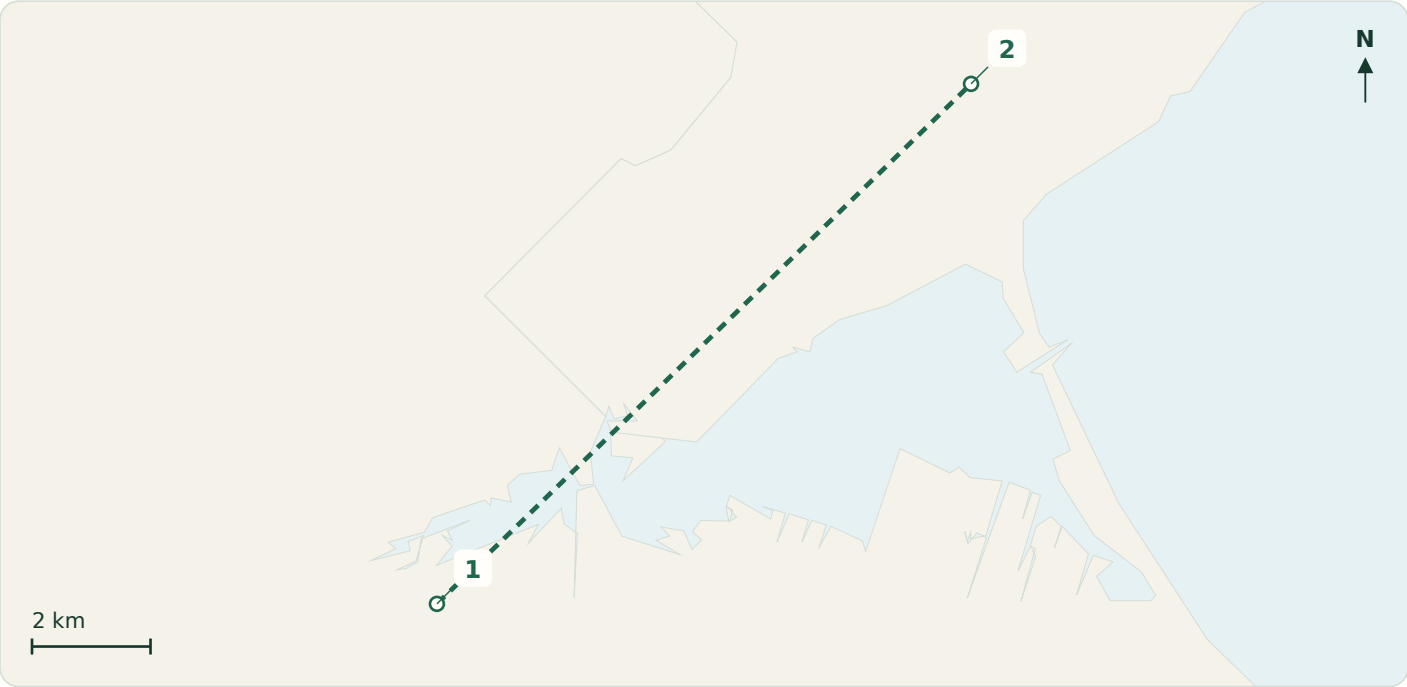

HISTORICAL RECONSTRUCTION | PATTERN 01 OF 18

15 | McMaster-Burlington feeder

Documented: 2006-12-30 | Direction: Eastbound

DOCUMENTED MAJOR STOPS / TIMING POINTS 2 stops

Sources: [S1]

Dashed line: schematic stop connections, not a street-by-street alignment. Stop areas do not establish exact historical platforms.

Selected published timepoints or named stops, not an exhaustive curb-stop list. Connectors are schematic and do not establish the roads taken. The old Burlington endpoint must not be silently replaced by Aldershot.

Ordered stops

1. McMaster University
2. Burlington GO
