Route history

A snapshot proves what was published at that date. It does not by itself establish when a route began or ended. Reused route numbers and changing branch suffixes remain separate dated records.

- **2006-02-04**

  The timetable shows weekday Oakville-Square One-North York buses including Finch-bound service. [S1]

- **2011-12-31**

  The printed table still includes the Oakville extension. [S2]

- **2016-04-02**

  Weekend service was introduced. [S3]

- **2016-09-06**

  The Square One-Oakville portion was discontinued. [S3]

Reading the maps

- Original GO feed: all scheduled stops are retained in their source order, including no-pickup and no-drop-off restrictions. The exact service dates are printed with the pattern.
- Historical reconstruction: the list generally contains published timing points or major stops. It is complete for that documented reconstruction, and may omit intermediate roadside stops.
- Solid lines use supplied feed shapes or an explicitly labelled corridor reconstruction. Dashed lines connect stop areas schematically. Number ranges mark close or co-located stops.
- Reference coordinates do not prove an old platform location. Stops without established coordinates remain in the ordered list; a stop-order diagram is used when a geographic map cannot be drawn.
- Individual branch dates and later Transitway stop changes need more contemporary notices.
- Do not project the later Square One terminus backward into the Oakville era.
- GTFS dates identify captured feeds, not necessarily the first or last day of a route. Open a pattern to see its exact scheduled service dates. Temporary rail replacement and special-service patterns are included when present in the source.
- Manually reconstructed versions generally contain published timetable timing points / major stops. They must not be read as complete roadside stop inventories.

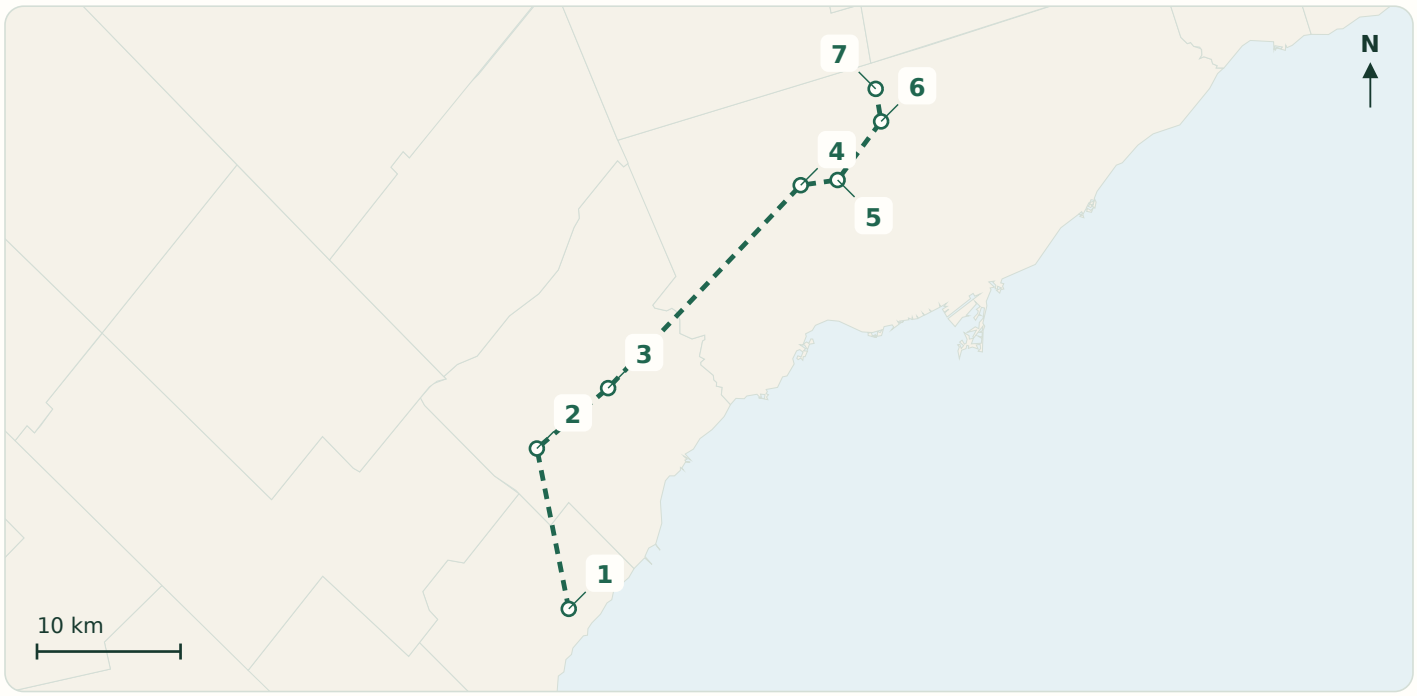

HISTORICAL RECONSTRUCTION | PATTERN 01 OF 37

19 | Oakville-Square One-Finch

Documented: 2006-02-04 | Direction: Eastbound

DOCUMENTED MAJOR STOPS / TIMING POINTS 7 stops

Sources: [S1]

Dashed line: schematic stop connections, not a street-by-street alignment. Stop areas do not establish exact historical platforms.

Selected published timepoints or named stops, not an exhaustive curb-stop list. Connectors are schematic and do not establish the roads taken. Selected Finch-bound timepoints. A York Mills column elsewhere in the table does not establish that these trips stopped there.
