Route history

A snapshot proves what was published at that date. It does not by itself establish when a route began or ended. Reused route numbers and changing branch suffixes remain separate dated records.

- **2007-09-01**

  Route 31 trip series link Union, Brampton, Georgetown, Acton, Rockwood and Guelph in several patterns. [S1]

- **2013-04-06**

  The Kitchener booklet separates 30/31/33/39 and documents many 31 variants. [S2]

- **2015-09-05**

  Midday 31 train-bus service was removed as Kitchener midday trains expanded. [S3]

- **2023-04-08**

  Weekend 31 service was replaced by trains and local bus connections on other routes. [S4]

Reading the maps

- Original GO feed: all scheduled stops are retained in their source order, including no-pickup and no-drop-off restrictions. The exact service dates are printed with the pattern.
- Historical reconstruction: the list generally contains published timing points or major stops. It is complete for that documented reconstruction, and may omit intermediate roadside stops.
- Solid lines use supplied feed shapes or an explicitly labelled corridor reconstruction. Dashed lines connect stop areas schematically. Number ranges mark close or co-located stops.
- Reference coordinates do not prove an old platform location. Stops without established coordinates remain in the ordered list; a stop-order diagram is used when a geographic map cannot be drawn.
- Number 31's initial adoption date is unknown.
- Train-connection columns must not be treated as bus stops.
- A schedule-effective Saturday may differ from the first weekday of replacement trains.
- GTFS dates identify captured feeds, not necessarily the first or last day of a route. Open a pattern to see its exact scheduled service dates. Temporary rail replacement and special-service patterns are included when present in the source.

Evidence notes - continued

- Manually reconstructed versions generally contain published timetable timing points / major stops. They must not be read as complete roadside stop inventories.
