32 Brampton Trinity Common / North York

The Trinity Common-North York family joined Brampton terminals to the Yonge Street corridor using Highway 407. Its Richmond Hill-area stop was Langstaff / Yonge, not Richmond Hill Centre.

Route history

A snapshot proves what was published at that date. It does not by itself establish when a route began or ended. Reused route numbers and changing branch suffixes remain separate dated records.

2006-10-28

The table connects Hurontario / Bovaird and Trinity Common through Bramalea to Langstaff / Yonge, Finch and Sheppard. [S1]

2015-09-05

Service moved from Dixie Road to Highway 410, removing the local Dixie stops. [S2]

2019-01-05

The table includes Williams Parkway/Highway 410 and York Mills, plus a Bramalea Transit Terminal branch. [S3]

Reading the maps

- Original GO feed: all scheduled stops are retained in their source order, including no-pickup and no-drop-off restrictions. The exact service dates are printed with the pattern.
- Historical reconstruction: the list generally contains published timing points or major stops. It is complete for that documented reconstruction, and may omit intermediate roadside stops.
- Solid lines use supplied feed shapes or an explicitly labelled corridor reconstruction. Dashed lines connect stop areas schematically. Number ranges mark close or co-located stops.
- Reference coordinates do not prove an old platform location. Stops without established coordinates remain in the ordered list; a stop-order diagram is used when a geographic map cannot be drawn.
- The initial launch date is unknown.
- Dates when York Mills was added and later removed need contemporary notices.
- The 2019 cover's Highway 401 typo must not relocate the actual Williams Parkway/Highway 410 interchange.
- GTFS dates identify captured feeds, not necessarily the first or last day of a route. Open a pattern to see its exact scheduled service dates. Temporary rail replacement and special-service patterns are included when present in the source.
- Manually reconstructed versions generally contain published timetable timing points / major stops. They must not be read as complete roadside stop inventories.

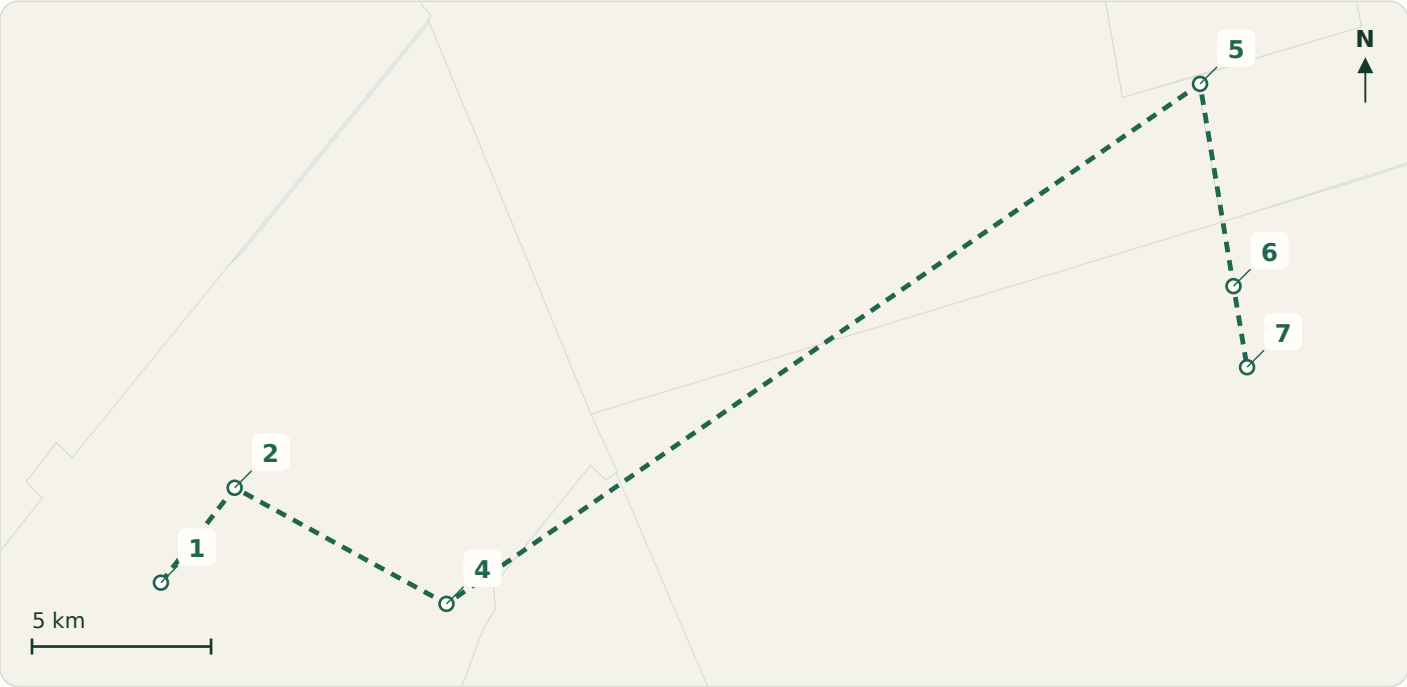

HISTORICAL RECONSTRUCTION | PATTERN 01 OF 27

32 | Trinity Common-North York via Bramalea

Documented: 2006-10-28 | Direction: Eastbound

DOCUMENTED MAJOR STOPS / TIMING POINTS 7 stops

Sources: [S1]

Dashed line: schematic stop connections, not a street-by-street alignment. 1 stop location(s) remain unestablished; see the complete list. Stop areas do not establish exact historical platforms.

Selected published timepoints or named stops, not an exhaustive curb-stop list. Connectors are schematic and do not establish the roads taken. The older Clark Boulevard and newer Central Park terminals need distinct historical coordinates. Langstaff / Yonge is an on-street stop, not Richmond Hill Centre.
