36 Brampton / North York Express

The express member of the former combined 34/35/36 Brampton family, expanded to all-day, seven-day service in 2015.

19	2012 - 2026	193
documented patterns	evidence years	listed stop occurrences

Illustrated pattern: 36B | 36B - Bramalea Term | Scheduled 22 Oct 2026 - 27 Nov 2026; feed captured 23 Oct 2026

A dated documentary atlas. Every pattern has its own numbered map and complete documented stop list. Reconstructed major-stop lists and full scheduled GTFS stop lists are identified separately.

Contents

Use the clickable entries or PDF bookmarks to jump to a date, branch or direction. Pattern counts include separate directions, stopping patterns and boarding restrictions.

Route history

A snapshot proves what was published at that date. It does not by itself establish when a route began or ended. Reused route numbers and changing branch suffixes remain separate dated records.

- **2012-09-01**

  The Brampton table identifies 36 and Bramalea express short turns. [S1]

- **2015-09-05**

  36 expanded from peak-only to all-day bidirectional service, seven days weekly. [S2]

- **2019-01-05**

  A standalone Brampton/North York booklet documents the reorganized 36 family. [S3]

Reading the maps

- Original GO feed: all scheduled stops are retained in their source order, including no-pickup and no-drop-off restrictions. The exact service dates are printed with the pattern.
- Historical reconstruction: the list generally contains published timing points or major stops. It is complete for that documented reconstruction, and may omit intermediate roadside stops.
- Solid lines use supplied feed shapes or an explicitly labelled corridor reconstruction. Dashed lines connect stop areas schematically. Number ranges mark close or co-located stops.
- Reference coordinates do not prove an old platform location. Stops without established coordinates remain in the ordered list; a stop-order diagram is used when a geographic map cannot be drawn.
- Initial launch and all later short-turn change dates are unverified.
- The shared booklet's table 34 title does not make these buses route 34.
- GTFS dates identify captured feeds, not necessarily the first or last day of a route. Open a pattern to see its exact scheduled service dates. Temporary rail replacement and special-service patterns are included when present in the source.
- Manually reconstructed versions generally contain published timetable timing points / major stops. They must not be read as complete roadside stop inventories.

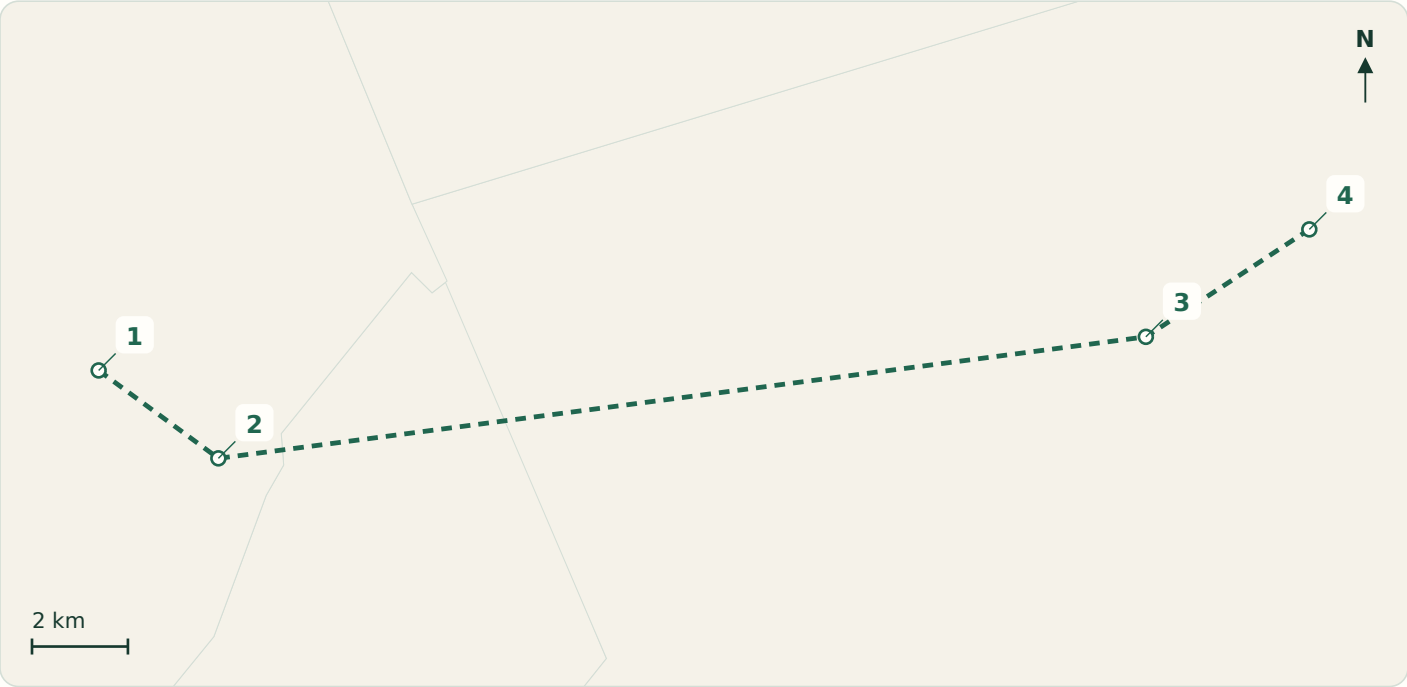

HISTORICAL RECONSTRUCTION | PATTERN 01 OF 19

36B | Bramalea-North York express short turn

Documented: 2012-09-01 | Direction: Eastbound

DOCUMENTED MAJOR STOPS / TIMING POINTS 4 stops

Sources: [S1]

Dashed line: schematic stop connections, not a street-by-street alignment. Stop areas do not establish exact historical platforms.

Selected published timepoints or named stops, not an exhaustive curb-stop list. Connectors are schematic and do not establish the roads taken. Do not extend this 36B trip to Brampton GO simply because that terminal occurs in other rows.

Ordered stops

1. Bramalea Transit Terminal, Central Park Drive
2. Bramalea GO
3. Yorkdale GO Bus Terminal
4. York Mills GO Bus Terminal
