39 Guelph / Aberfoyle / Bramalea

A former express Guelph-Bramalea train connection via Aberfoyle, distinct from Kitchener route 30 and local Georgetown route 33.

1	2013	4
documented patterns	evidence years	listed stop occurrences

Illustrated pattern: 39 | Bramalea-Guelph express train connection | Documented 2013-04-06

A dated documentary atlas. Every pattern has its own numbered map and complete documented stop list. Reconstructed major-stop lists and full scheduled GTFS stop lists are identified separately.

Contents

Use the clickable entries or PDF bookmarks to jump to a date, branch or direction. Pattern counts include separate directions, stopping patterns and boarding restrictions.

Route history

A snapshot proves what was published at that date. It does not by itself establish when a route began or ended. Reused route numbers and changing branch suffixes remain separate dated records.

by 2013-04-06

The original booklet identifies 39 with one weekday eastbound trip and three westbound train meets. [S1]

2015-09-05

39 was discontinued in the Kitchener corridor reorganization. [S2]

Reading the maps

- Original GO feed: all scheduled stops are retained in their source order, including no-pickup and no-drop-off restrictions. The exact service dates are printed with the pattern.
- Historical reconstruction: the list generally contains published timing points or major stops. It is complete for that documented reconstruction, and may omit intermediate roadside stops.
- Solid lines use supplied feed shapes or an explicitly labelled corridor reconstruction. Dashed lines connect stop areas schematically. Number ranges mark close or co-located stops.
- Reference coordinates do not prove an old platform location. Stops without established coordinates remain in the ordered list; a stop-order diagram is used when a geographic map cannot be drawn.
- The exact launch date is unverified.
- This retired number must not be applied to the later 30 expansion.
- Manually reconstructed versions generally contain published timetable timing points / major stops. They must not be read as complete roadside stop inventories.

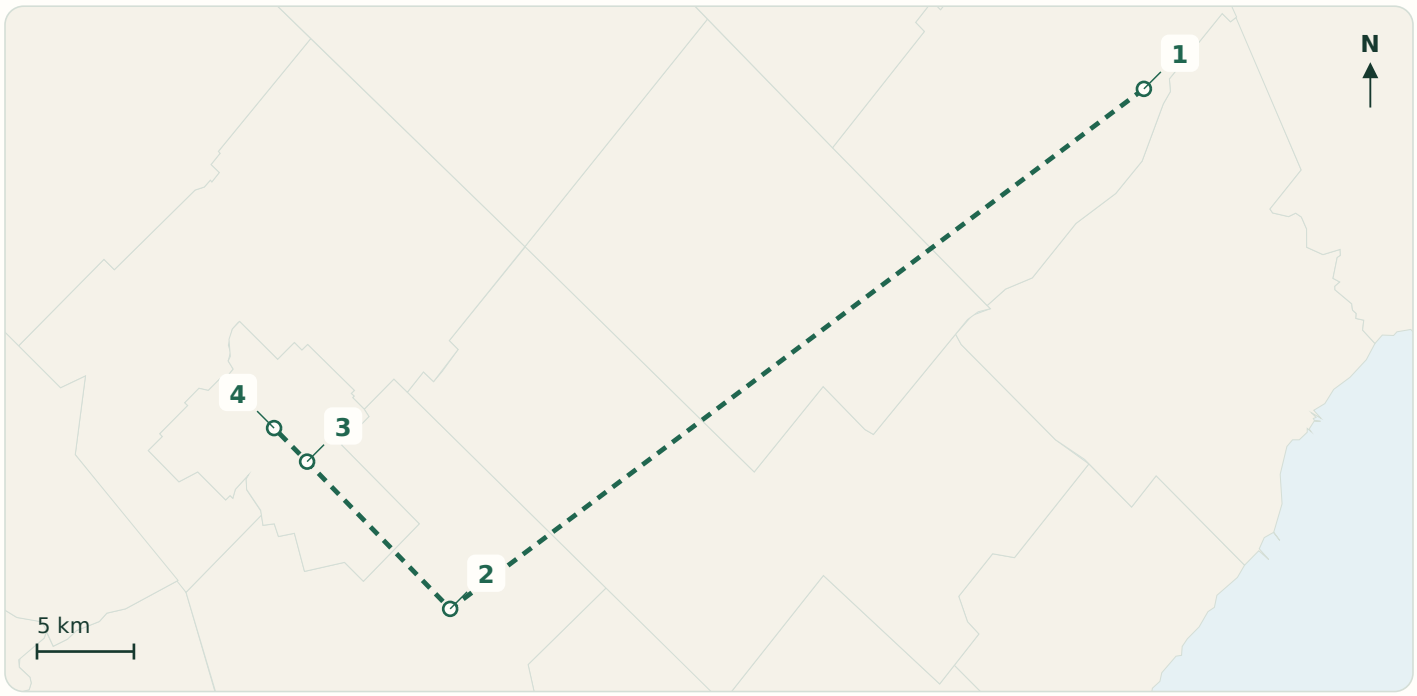

HISTORICAL RECONSTRUCTION | PATTERN 01 OF 1

39 | Bramalea-Guelph express train connection

Documented: 2013-04-06 | Direction: Westbound

DOCUMENTED MAJOR STOPS / TIMING POINTS 4 stops

Sources: [S1]

Dashed line: schematic stop connections, not a street-by-street alignment. Stop areas do not establish exact historical platforms.

Selected published timepoints or named stops, not an exhaustive curb-stop list. Connectors are schematic and do not establish the roads taken. Westbound trips connected with trains. The route did not travel through Georgetown or Rockwood.

Ordered stops

1. Bramalea GO
2. Aberfoyle GO Park & Ride
3. University of Guelph
4. Guelph Central GO
