43 Mount Pleasant / McMaster University; earlier Wonderland route number

The number has two unrelated eras: a seasonal Wonderland service, renumbered 60 in 2008, and a new Mount Pleasant-McMaster service introduced in 2026. The earlier service must not be joined into a continuous geography with the new route.

4	2003 - 2026	62
documented patterns	evidence years	listed stop occurrences

Illustrated pattern: 43 | 43 - Mount Pleasant GO | Scheduled 22 Oct 2026 - 27 Nov 2026; feed captured 23 Oct 2026

A dated documentary atlas. Every pattern has its own numbered map and complete documented stop list. Reconstructed major-stop lists and full scheduled GTFS stop lists are identified separately.

Contents

Use the clickable entries or PDF bookmarks to jump to a date, branch or direction. Pattern counts include separate directions, stopping patterns and boarding restrictions.

Route history and evidence notes 3

2003-06-28 | Historical reconstruction 5

Route history

A snapshot proves what was published at that date. It does not by itself establish when a route began or ended. Reused route numbers and changing branch suffixes remain separate dated records.

by 2003-06-28

Original Wonderland Table 43 shows a seasonal service between Canada's Wonderland, Yorkdale Subway and York Mills Subway, with separate seasonal fares. The surviving page displays July 1, 2003 service. [S1]

2008-05-04

The Wonderland service resumes under number 60, replacing number 43, according to the contemporary April 22 service notice. [S2]

2026-09-05

A new, unrelated route 43 appears in the effective September 5 timetable: Mount Pleasant GO to McMaster via Mississauga Road, Meadowvale, Trafalgar/407 and Dundas/407. It operates weekdays excluding holidays. [S3]

Reading the maps

- Original GO feed: all scheduled stops are retained in their source order, including no-pickup and no-drop-off restrictions. The exact service dates are printed with the pattern.
- Historical reconstruction: the list generally contains published timing points or major stops. It is complete for that documented reconstruction, and may omit intermediate roadside stops.
- Solid lines use supplied feed shapes or an explicitly labelled corridor reconstruction. Dashed lines connect stop areas schematically. Number ranges mark close or co-located stops.
- Reference coordinates do not prove an old platform location. Stops without established coordinates remain in the ordered list; a stop-order diagram is used when a geographic map cannot be drawn.
- The first launch year of the earlier Wonderland service and its full earlier seasonal branch history remain unverified.
- The 2003 original has only table identification; no claim is made that modern public headsign numbering existed in the same form in 2003.
- Do not copy route 60A's 2013 short branch into route 43 without an earlier original source.

Evidence notes - continued

- GTFS dates identify captured feeds, not necessarily the first or last day of a route. Open a pattern to see its exact scheduled service dates. Temporary rail replacement and special-service patterns are included when present in the source.
- Manually reconstructed versions generally contain published timetable timing points / major stops. They must not be read as complete roadside stop inventories.

HISTORICAL RECONSTRUCTION | PATTERN 01 OF 4

43 (historical Wonderland) | Earlier Wonderland service (Table 43)

Documented: 2003-06-28 | Direction: southbound

DOCUMENTED MAJOR STOPS / TIMING POINTS 3 stops

Sources: [S1]

Dashed line: schematic stop connections, not a street-by-street alignment. Stop areas do not establish exact historical platforms.

This source labels Table 43; the contemporary 2008 renumbering notice establishes the former service number. The historical Wonderland bus bay has not been located; use a clearly approximate park-area marker. These are the timetable's ordered major timing points; intermediate roadside stops are not asserted.

Ordered stops

1. Canada's Wonderland - historic bus stop
2. Yorkdale GO Bus Terminal
3. York Mills GO Bus Terminal

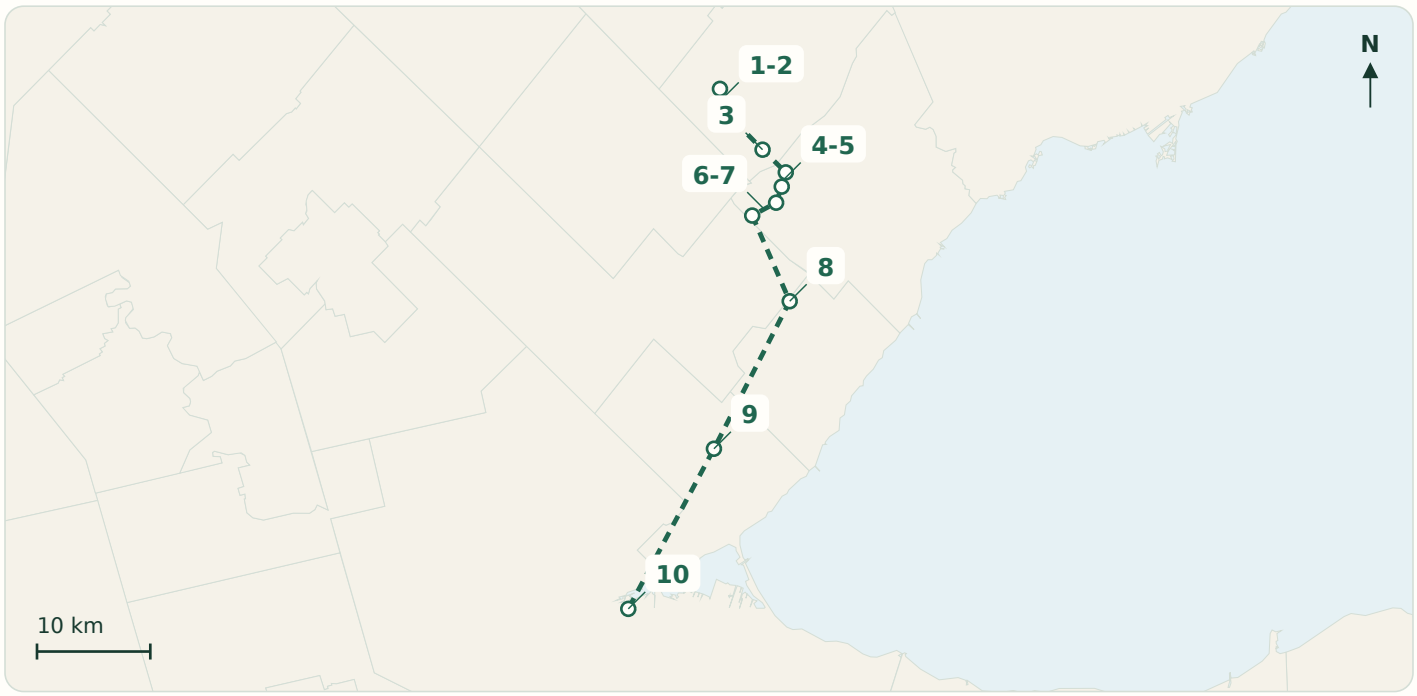

HISTORICAL RECONSTRUCTION | PATTERN 02 OF 4

43 | Mount Pleasant-McMaster launch pattern

Documented: 2026-09-05 | Direction: westbound

DOCUMENTED MAJOR STOPS / TIMING POINTS 10 stops

Sources: [S3]

Dashed line: schematic stop connections, not a street-by-street alignment. Stop areas do not establish exact historical platforms.

This is a new route using the old number. September 5 is the timetable effective date, not necessarily its first weekday operating day. These are the timetable's ordered major timing points; intermediate roadside stops are not asserted.

Ordered stops

1. Mount Pleasant GO
2. Mississauga Rd. @ Williams Pkwy.
3. Mississauga Rd. @ Steeles Ave. W.
4. Mississauga Rd. @ Royal Bank Dr.
5. Meadowvale GO
6. Aquitaine Ave. @ Meadowvale Town Centre Cir.
7. Derry Rd. W. @ Ninth Line
8. Trafalgar Rd. @ Hwy. 407 Park & Ride
9. Dundas St. @ Hwy. 407 Park & Ride
10. McMaster University
