51 Pickering / York University; later Pickering / Highway 407

The Scarborough and Pickering arm of Highway 407 East, with a stopping main line and direct school expresses to Scarborough Centre, Pickering and the Scarborough campuses. Most weekday trips were joined to Hamilton service as route 41 in 2021.

28	2008 - 2019	179
documented patterns	evidence years	listed stop occurrences

Illustrated pattern: 51 | 51 - Pickering GO | Scheduled 4 Jan 2016 - 5 Jan 2016; feed captured 11 Jan 2016

A dated documentary atlas. Every pattern has its own numbered map and complete documented stop list. Reconstructed major-stop lists and full scheduled GTFS stop lists are identified separately.

Contents

Use the clickable entries or PDF bookmarks to jump to a date, branch or direction. Pattern counts include separate directions, stopping patterns and boarding restrictions.

Route history

A snapshot proves what was published at that date. It does not by itself establish when a route began or ended. Reused route numbers and changing branch suffixes remain separate dated records.

- **2002-01**

  The original 407 corridor is extended to Scarborough Town Centre, a predecessor of route 51. [S1]

- **2002-04-29**

  The eastern service is extended to Pickering via Centennial College and UTSC. [S1]

- **by 2008-11-01**

  The public route column documents 51, Scarborough Centre express 51A and Pickering express 51B. Main 51 uses Langstaff's south lot and bypasses Unionville. [S2]

- **by 2011-12-31**

  Richmond Hill Centre replaces Langstaff in the timetable. Keele/Great Gulf is now listed, and 51C directly connects the Scarborough campuses with Keele and York. [S3]

- **by 2017-09-02**

  51D is a Richmond Hill Centre-Centennial-UTSC short express. Main 51 serves Kingston/Fairport rather than the earlier Highway 2/Liverpool timing point. [S4]

- **2019-01-05**

  Routes end at Highway 407 Bus Terminal instead of York. The 51B express calls at Brock/407 between Pickering and the terminal; 51C serves the Scarborough campuses, and 51D still starts at Richmond Hill Centre. [S5] [S6]

- **2021-02-13**

  Most weekday 51 trips combine with route 47 to create route 41. [S7]

Evidence notes - continued

Reading the maps

- Original GO feed: all scheduled stops are retained in their source order, including no-pickup and no-drop-off restrictions. The exact service dates are printed with the pattern.
- Historical reconstruction: the list generally contains published timing points or major stops. It is complete for that documented reconstruction, and may omit intermediate roadside stops.
- Solid lines use supplied feed shapes or an explicitly labelled corridor reconstruction. Dashed lines connect stop areas schematically. Number ranges mark close or co-located stops.
- Reference coordinates do not prove an old platform location. Stops without established coordinates remain in the ordered list; a stop-order diagram is used when a geographic map cannot be drawn.
- The exact final day of every remaining route 51 trip is not established by the launch notice, which says most weekday trips were combined.
- Timetable 52 before public route numbering covered several separate corridors; references to the old table must not turn all of them into route 52.
- GTFS dates identify captured feeds, not necessarily the first or last day of a route. Open a pattern to see its exact scheduled service dates. Temporary rail replacement and special-service patterns are included when present in the source.
- Manually reconstructed versions generally contain published timetable timing points / major stops. They must not be read as complete roadside stop inventories.

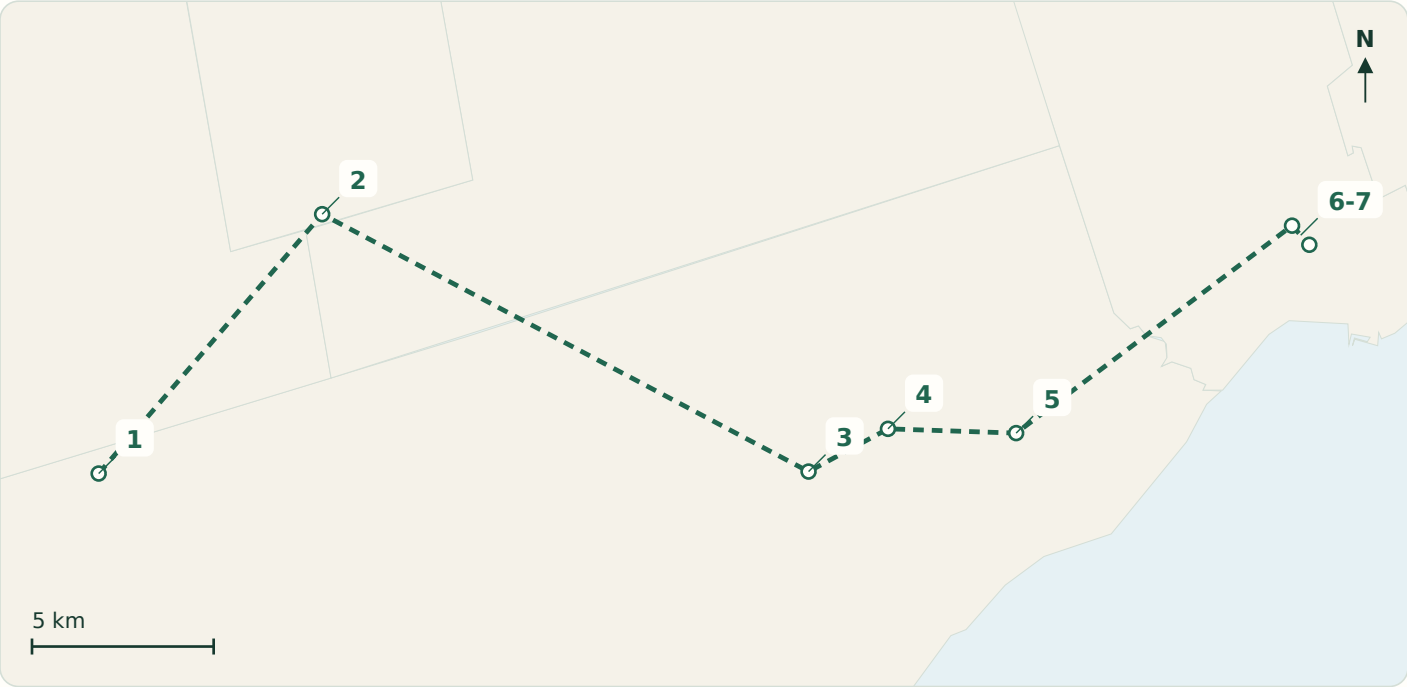

HISTORICAL RECONSTRUCTION | PATTERN 01 OF 28

51 | York-Pickering main route via Langstaff

Documented: 2008-11-01 | Direction: eastbound

DOCUMENTED MAJOR STOPS / TIMING POINTS 7 stops

Sources: [S2]

Dashed line: schematic stop connections, not a street-by-street alignment. Stop areas do not establish exact historical platforms.

These are the timetable's ordered major timing points; intermediate roadside stops are not asserted.
