52 Oshawa / Highway 407 (formerly Oshawa / York University)

The Oshawa arm of Highway 407 East, with multiple campus expresses, a move from Langstaff to Richmond Hill Centre, terminal changes in Vaughan and Oshawa, and later use of Highway 407 across Durham. Twenty documentary corridor reconstructions cover the predecessor service and changing branches.

Route history

A snapshot proves what was published at that date. It does not by itself establish when a route began or ended. Reused route numbers and changing branch suffixes remain separate dated records.

- **2004-09-07**

  Oshawa-York service begins, with nine weekday trips each way. The contemporary newspaper report and York University article establish the original corridor before public route numbering. [S14] [S15]

- **by 2008-11-01**

  Numbered 52 runs York-Langstaff-Unionville-Brock/407-Greenwood-Brooklin-Durham College/UOIT-Oshawa terminal. 52A is a Unionville-campus short route via the Durham roadside stops. [S1]

- **by 2011-12-31**

  The original replaces Langstaff with Richmond Hill Centre and explicitly serves Keele at Great Gulf Dr. westbound / Snidercroft eastbound. Example: 06:05 Oshawa, 07:07 Richmond Hill Centre, 07:18 Keele, 07:25 York. [S2]

- **by 2017-09-02**

  The Durham route uses the Lake Ridge/Highway 7 timing point instead of Greenwood. The timetable includes an express Unionville-campus 52A and a campus-Richmond Hill-Keele-York 52B. [S3]

- **2017-12-30**

  Highway 407 Bus Terminal opens. [S4]

- **2019-01-05**

  GO leaves York campus. Route 52 terminates at Highway 407; the timetable includes Unionville express 52D and campus express 52B. [S5] [S6]

- **2020-09-05**

  The original timetable replaces the former Oshawa Bus Terminal terminus with downtown street stops and an extension to Oshawa GO. [S16]

Route history - continued

- **2021-02-13**

  Most weekday 52 trips join route 46 as new route 56; 52 remains a separate route, especially for weekend and special patterns. [S7]

- **by 2022-04-02**

  The 52A suffix now marks the stopping route with Baldwin/407 added; this differs from its earlier campus-express meaning. [S8]

- **by 2022-06-25**

  Seasonal 52X runs to Canada's Wonderland and Major Mackenzie/Hwy. 400 Park & Ride. [S17]

- **2022-10-01**

  Cornell Bus Terminal is added to routes 52 and 56. [S9] [S10]

- **2023-04-08**

  52 and 56 move from the Highway 7/Winchester corridor to Highway 407 between the Brock and Simcoe areas, removing the Lake Ridge and Winchester/Anderson stops from the main route. [S12] [S11]

- **2023-05-06**

  Seasonal 52X uses Major Mackenzie West Terminal for Wonderland access. [S13] [S12]

- **by 2024-08-31**

  A campus express version skips Brock, Baldwin, downtown Oshawa and Oshawa GO, while serving Cornell, Unionville, Richmond Hill and Highway 407. [S18]

- **by 2025-08-30**

  The researched 52A express pattern serves Highway 407, Richmond Hill, Unionville, Cornell, the campus, downtown Oshawa and Oshawa GO while bypassing Brock and Baldwin. [S19]

Reading the maps

- Original GO feed: all scheduled stops are retained in their source order, including no-pickup and no-drop-off restrictions. The exact service dates are printed with the pattern.
- Historical reconstruction: the list generally contains published timing points or major stops. It is complete for that documented reconstruction, and may omit intermediate roadside stops.
- Solid lines use supplied feed shapes or an explicitly labelled corridor reconstruction. Dashed lines connect stop areas schematically. Number ranges mark close or co-located stops.
- Reference coordinates do not prove an old platform location. Stops without established coordinates remain in the ordered list; a stop-order diagram is used when a geographic map cannot be drawn.
- Suffixes were reused; a 52A in 2008, 2017, 2022 or 2025 does not imply the same route.
- The exact first dates of several branch changes are bounded only by surviving original snapshots.
- GTFS dates identify captured feeds, not necessarily the first or last day of a route. Open a pattern to see its exact scheduled service dates. Temporary rail replacement and special-service patterns are included when present in the source.
- Manually reconstructed versions generally contain published timetable timing points / major stops. They must not be read as complete roadside stop inventories.

Service began 7 September 2004. The October timetable also listed Yonge / Langstaff Road. This preceded the public route-number column; it was the Oshawa service in Table 52.

Ordered stops

1. York University campus
2. Yonge St / Langstaff Rd
3. Langstaff GO - south-lot service
4. Unionville GO
5. Brock Rd / Hwy 407
6. Greenwood - Hwy 7 / Westney

Numbered route 52 is explicit in this timetable. Highway 407 across York Region; Highway 7 and Winchester Road through northern Durham; Simcoe Street to the campus and downtown terminal.

Ordered stops

1. York University campus
2. Langstaff GO - south-lot service
3. Unionville GO
4. Brock Rd / Hwy 407
5. Greenwood - Hwy 7 / Westney

One seasonal weekday morning eastbound trip in the recovered 2008 timetable. This local 52A pattern is also documented in 2015. It did not reach York University or downtown Oshawa.

Ordered stops

1. Unionville GO
2. Brock Rd / Hwy 407
3. Greenwood - Hwy 7 / Westney
4. Winchester / Anderson-Watford
5. Durham College / UOIT / Ontario Tech campus

The recovered timetable now uses Richmond Hill Centre. The local Highway 7 / Winchester corridor and downtown Oshawa terminus remain. The move is documented by this date.

Ordered stops

1. York University campus
2. Keele / Great Gulf-Snidercroft
3. Richmond Hill Centre
4. Unionville GO
5. Brock Rd / Hwy 407
