88 Peterborough-Oshawa

Express regional bus between Peterborough/Trent University and the Lakeshore East rail connection at Oshawa. Later branches added Bowmanville, Newcastle and additional park-and-ride stops.

25	2011 - 2026	466
documented patterns	evidence years	listed stop occurrences

Illustrated pattern: 88 | 88 - Trent U | Scheduled 22 Oct 2026 - 27 Nov 2026; feed captured 23 Oct 2026

A dated documentary atlas. Every pattern has its own numbered map and complete documented stop list. Reconstructed major-stop lists and full scheduled GTFS stop lists are identified separately.

Contents

Use the clickable entries or PDF bookmarks to jump to a date, branch or direction. Pattern counts include separate directions, stopping patterns and boarding restrictions.

Route history

A snapshot proves what was published at that date. It does not by itself establish when a route began or ended. Reused route numbers and changing branch suffixes remain separate dated records.

- **2009-09**

  Daily Peterborough-Oshawa GO bus service began in September 2009. [S1]

- **by 2011-03-13**

  The original table shows Trent University-Peterborough-Highway 115 park-and-rides-Oshawa GO. [S2]

- **2020-09-05**

  Main 88 trips were routed through Bowmanville; weekday 88A replaced the former Newcastle route 91. [S3]

- **2023-04-08**

  The timetable shows 88 and 88B through Bowmanville; 88B additionally serves Courtice/Baseline and First Avenue/Front park-and-rides. [S4]

Reading the maps

- Original GO feed: all scheduled stops are retained in their source order, including no-pickup and no-drop-off restrictions. The exact service dates are printed with the pattern.
- Historical reconstruction: the list generally contains published timing points or major stops. It is complete for that documented reconstruction, and may omit intermediate roadside stops.
- Solid lines use supplied feed shapes or an explicitly labelled corridor reconstruction. Dashed lines connect stop areas schematically. Number ranges mark close or co-located stops.
- Reference coordinates do not prove an old platform location. Stops without established coordinates remain in the ordered list; a stop-order diagram is used when a geographic map cannot be drawn.
- Secondary accounts differ between September 4 and 5 for the 2009 opening; only the month is asserted here.
- The archived 2022 GTFS supplies the exact 88A Newcastle pattern; later 88C is captured in the current feed.
- These are documented dated snapshots. Changes between snapshots, temporary diversions and every historical local stop have not all been recovered.

Evidence notes - continued

- GTFS dates identify captured feeds, not necessarily the first or last day of a route. Open a pattern to see its exact scheduled service dates. Temporary rail replacement and special-service patterns are included when present in the source.
- Manually reconstructed versions generally contain published timetable timing points / major stops. They must not be read as complete roadside stop inventories.

HISTORICAL RECONSTRUCTION | PATTERN 01 OF 25

88 | Peterborough-Oshawa express

Documented: by 2011-03-13 | Direction: southbound

DOCUMENTED MAJOR STOPS / TIMING POINTS 6 stops

Sources: [S2]

Dashed line: schematic stop connections, not a street-by-street alignment. Stop areas do not establish exact historical platforms.

Only the bus portion is shown. Union times in the timetable are connecting Lakeshore East train service.
