92 Oshawa-Yorkdale

Limited-stop Highway 2 service linking Durham communities with Scarborough Centre and North York. The eastern terminal and the meaning of the 92A suffix have both changed.

27	2014 - 2026	554
documented patterns	evidence years	listed stop occurrences

Illustrated pattern: 92 | 92 - Yorkdale Term | Scheduled 22 Oct 2026 - 27 Nov 2026; feed captured 23 Oct 2026

A dated documentary atlas. Every pattern has its own numbered map and complete documented stop list. Reconstructed major-stop lists and full scheduled GTFS stop lists are identified separately.

Contents

Use the clickable entries or PDF bookmarks to jump to a date, branch or direction. Pattern counts include separate directions, stopping patterns and boarding restrictions.

Route history

A snapshot proves what was published at that date. It does not by itself establish when a route began or ended. Reused route numbers and changing branch suffixes remain separate dated records.

- **2013-06-29**

  Route 92 was introduced in the Highway 2 reorganization replacing the old 94/95 network. [S1]

- **2014-09-02**

  New 92A Ajax-Finch service replaced route 98. [S2]

- **2019-04-06**

  The original timetable shows downtown Oshawa-Yorkdale service; by this edition 92A has become a Dundas/Highway 412-Yorkdale short working. [S3]

- **2020-09-05**

  The main route moved its eastern terminal from downtown Oshawa to Oshawa GO. [S4]

- **by 2023-05**

  The original GTFS retains the later 92A Dundas/Highway 412-Yorkdale short working. [S5]

Reading the maps

- Original GO feed: all scheduled stops are retained in their source order, including no-pickup and no-drop-off restrictions. The exact service dates are printed with the pattern.
- Historical reconstruction: the list generally contains published timing points or major stops. It is complete for that documented reconstruction, and may omit intermediate roadside stops.
- Solid lines use supplied feed shapes or an explicitly labelled corridor reconstruction. Dashed lines connect stop areas schematically. Number ranges mark close or co-located stops.
- Reference coordinates do not prove an old platform location. Stops without established coordinates remain in the ordered list; a stop-order diagram is used when a geographic map cannot be drawn.
- The 92A reassignment took place after the recovered 2016 Finch pattern and by the April 2019 timetable; its precise effective date has not been established.
- Selected timing-point patterns omit local stops; use the feed snapshots for full dated stop sequences.

Evidence notes - continued

- These are documented dated snapshots. Changes between snapshots, temporary diversions and every historical local stop have not all been recovered.
- GTFS dates identify captured feeds, not necessarily the first or last day of a route. Open a pattern to see its exact scheduled service dates. Temporary rail replacement and special-service patterns are included when present in the source.
- Manually reconstructed versions generally contain published timetable timing points / major stops. They must not be read as complete roadside stop inventories.

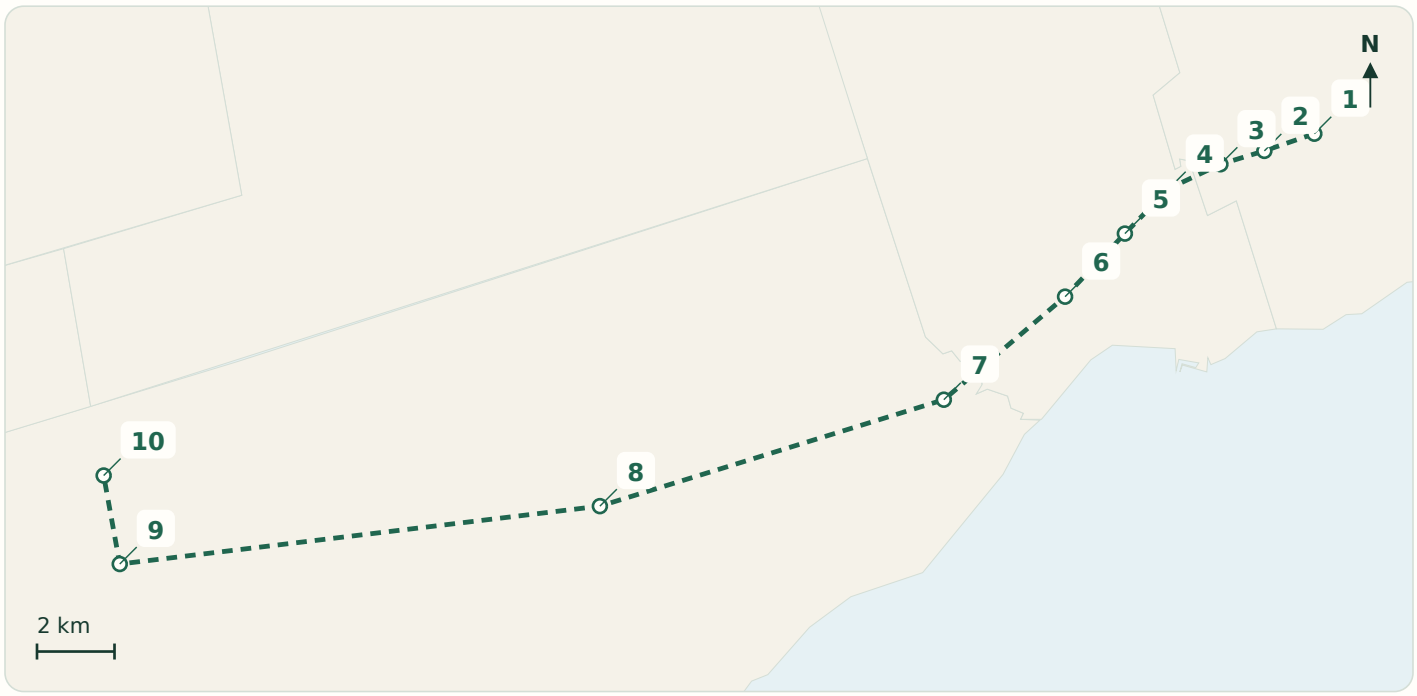

HISTORICAL RECONSTRUCTION | PATTERN 01 OF 27

92A | Original 92A Ajax-Finch branch

Documented: 2014-09-02 | Direction: westbound

DOCUMENTED MAJOR STOPS / TIMING POINTS 10 stops

Sources: [S2]

Dashed line: schematic stop connections, not a street-by-street alignment. Stop areas do not establish exact historical platforms.

Selected principal stops from the contemporary route description. Full original 2016 GTFS additionally preserves the intermediate street stops.
