# 94 Oshawa Highway 2; reused Pickering-Mississauga

Number 94 was reused for a different corridor: the old Oshawa-Yorkdale Highway 2 bus ended in 2013; a new Pickering-Mississauga service began in 2020 and later incorporated Pearson Airport service.

| 11 | 2007 - 2026 | 101 |
|---|---|---|
| documented patterns | evidence years | listed stop occurrences |

Illustrated pattern: 94 | 94 - Pickering GO | Scheduled 22 Oct 2026 - 27 Nov 2026; feed captured 23 Oct 2026

A dated documentary atlas. Every pattern has its own numbered map and complete documented stop list. Reconstructed major-stop lists and full scheduled GTFS stop lists are identified separately.

# Contents

Use the clickable entries or PDF bookmarks to jump to a date, branch or direction. Pattern counts include separate directions, stopping patterns and boarding restrictions.

# Route history

A snapshot proves what was published at that date. It does not by itself establish when a route began or ended. Reused route numbers and changing branch suffixes remain separate dated records.

- **2007-10-27**

  The original route 94 timetable is Oshawa Highway 2, serving Oshawa GO, downtown Oshawa, Whitby, Ajax, Pickering, Scarborough, York Mills and Yorkdale. [S1]

- **2013-06-28**

  Final day of the old Highway 2 route 94 before the Durham service restructuring. [S2]

- **2020-09-08**

  First weekday service of the new route 94 Pickering-Square One, introduced in the September schedule changes. [S3]

- **2023-01-07**

  The pre-airport timetable shows Pickering-Scarborough-Yorkdale-Keele/401-Square One. [S4]

- **2023-04-08**

  Routes 34 and 94 were combined; the revised 94 includes Pearson Terminal 1 and Transitway stops. [S5] [S6]

## Reading the maps

- Original GO feed: all scheduled stops are retained in their source order, including no-pickup and no-drop-off restrictions. The exact service dates are printed with the pattern.
- Historical reconstruction: the list generally contains published timing points or major stops. It is complete for that documented reconstruction, and may omit intermediate roadside stops.
- Solid lines use supplied feed shapes or an explicitly labelled corridor reconstruction. Dashed lines connect stop areas schematically. Number ranges mark close or co-located stops.
- Reference coordinates do not prove an old platform location. Stops without established coordinates remain in the ordered list; a stop-order diagram is used when a geographic map cannot be drawn.
- The 2007 and 2020 number uses are separated by seven years and serve different corridors; they must not be connected as one continuous route.

# Evidence notes - continued

- Street-stop locations at Sheppard differ by direction; the schematic follows the westbound Yonge/Poyntz label.
- These are documented dated snapshots. Changes between snapshots, temporary diversions and every historical local stop have not all been recovered.
- GTFS dates identify captured feeds, not necessarily the first or last day of a route. Open a pattern to see its exact scheduled service dates. Temporary rail replacement and special-service patterns are included when present in the source.
- Manually reconstructed versions generally contain published timetable timing points / major stops. They must not be read as complete roadside stop inventories.

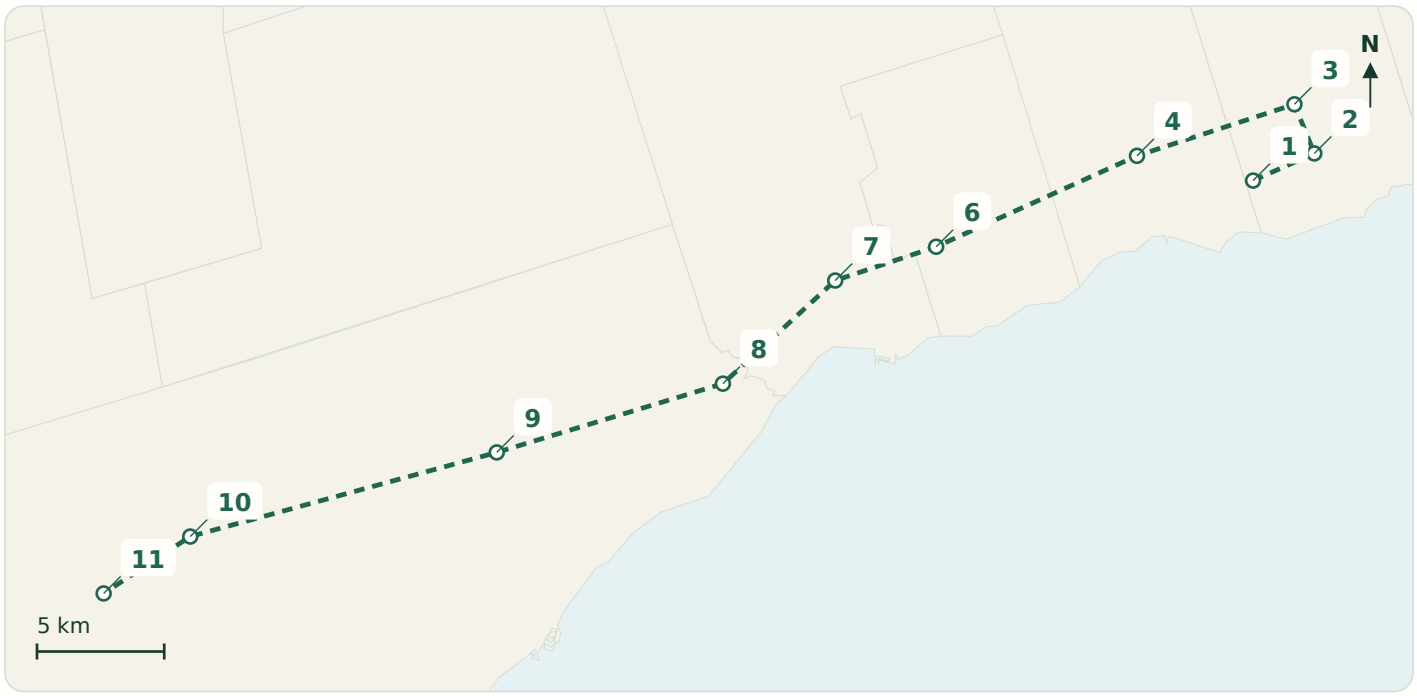

HISTORICAL RECONSTRUCTION | PATTERN 01 OF 11

# 94 | Old 94: Oshawa-Yorkdale local

Documented: 2007-10-27 | Direction: westbound

**DOCUMENTED MAJOR STOPS / TIMING POINTS** 11 stops

Sources: [S1]

Dashed line: schematic stop connections, not a street-by-street alignment. 1 stop location(s) remain unestablished; see the complete list. Stop areas do not establish exact historical platforms.

Archive folder name reflects the later route reuse; this PDF is the older Oshawa Highway 2 service. Numerous intermediate local stops are not printed as timing points.

## Ordered stops

1. Oshawa GO
2. Simcoe St / Bloor St - Oshawa
3. Oshawa Bus Terminal
4. Dundas St / Brock St - Whitby
5. Ajax GO Bus Terminal - Harwood Ave
