95 Oshawa Highway 2 Express-Finch

Limited-stop bus through Durham on Highway 2, continuing by Highway 401 to Scarborough Centre and Finch. It complemented the older local 94 and the station-based Highway 401 express 96.

Illustrated pattern: 95 | Oshawa-Finch Highway 2 limited-stop service | Documented 2007-10-27

A dated documentary atlas. Every pattern has its own numbered map and complete documented stop list. Reconstructed major-stop lists and full scheduled GTFS stop lists are identified separately.

Route history

A snapshot proves what was published at that date. It does not by itself establish when a route began or ended. Reused route numbers and changing branch suffixes remain separate dated records.

- **2007-04-28**

  Routes 95 and 96 were introduced as the Oshawa-Finch express network. [S1]

- **2007-10-27**

  The original route 95 schedule documents the Highway 2 stopping pattern and Finch destination. [S2]

- **2013-06-28**

  Last day of route 95 before the 92/96/98 reorganization. [S3]

Reading the maps

- Original GO feed: all scheduled stops are retained in their source order, including no-pickup and no-drop-off restrictions. The exact service dates are printed with the pattern.
- Historical reconstruction: the list generally contains published timing points or major stops. It is complete for that documented reconstruction, and may omit intermediate roadside stops.
- Solid lines use supplied feed shapes or an explicitly labelled corridor reconstruction. Dashed lines connect stop areas schematically. Number ranges mark close or co-located stops.
- Reference coordinates do not prove an old platform location. Stops without established coordinates remain in the ordered list; a stop-order diagram is used when a geographic map cannot be drawn.
- No public lettered 95 branches have been established from the examined original timetable.
- These are documented dated snapshots. Changes between snapshots, temporary diversions and every historical local stop have not all been recovered.
- Manually reconstructed versions generally contain published timetable timing points / major stops. They must not be read as complete roadside stop inventories.

Dashed line: schematic stop connections, not a street-by-street alignment. Stop areas do not establish exact historical platforms.

Westbound timing points. In the opposite direction the Whitby stop is labelled White Oaks rather than McQuay. The bus uses Highway 2 through Durham, then the Highway 401 corridor toward Toronto.
