96 Oshawa-Finch Express

Route history

A snapshot proves what was published at that date. It does not by itself establish when a route began or ended. Reused route numbers and changing branch suffixes remain separate dated records.

- **2007-04-28**

  Routes 95 and 96 began as complementary Oshawa-Finch express services. [S1]

- **2013-06-29**

  The original timetable documents 96 and branches A-D, with 96B serving Scarborough Centre between the Durham stations and Finch. [S2]

- **2019-01-05**

  The original timetable contains the 96, 96A, 96B, 96C, 96D and 96E family. [S3]

- **2020-09-05**

  Service was consolidated on 96B; branches 96, 96A, 96C, 96D and 96E were withdrawn. [S4]

- **2023-05-20**

  Seasonal 96Z Toronto Zoo trips began alongside 96B. [S5] [S6]

Reading the maps

- Original GO feed: all scheduled stops are retained in their source order, including no-pickup and no-drop-off restrictions. The exact service dates are printed with the pattern.
- Historical reconstruction: the list generally contains published timing points or major stops. It is complete for that documented reconstruction, and may omit intermediate roadside stops.
- Solid lines use supplied feed shapes or an explicitly labelled corridor reconstruction. Dashed lines connect stop areas schematically. Number ranges mark close or co-located stops.
- Reference coordinates do not prove an old platform location. Stops without established coordinates remain in the ordered list; a stop-order diagram is used when a geographic map cannot be drawn.
- An archive PDF named 2009-02-19-table-96 actually contains route 93. It has deliberately not been used as evidence for route 96.
- Later seasonal operating periods and all short-turn details are not inferred from the 2023 Zoo timetable.

Evidence notes - continued

- These are documented dated snapshots. Changes between snapshots, temporary diversions and every historical local stop have not all been recovered.
- GTFS dates identify captured feeds, not necessarily the first or last day of a route. Open a pattern to see its exact scheduled service dates. Temporary rail replacement and special-service patterns are included when present in the source.
- Manually reconstructed versions generally contain published timetable timing points / major stops. They must not be read as complete roadside stop inventories.
